Co-Opted Trustees will be appointed at the Board Meeting following the AGM

"To enable all unpaid carers to have a voice and access support to improve their quality of life and wellbeing"

TRUSTEES/DIRECTORS

STANDING OR PROPOSED FOR RE-ELECTION AT AGM 2019

NOTE: These elections are conditional on the special resolution at item 1 on the Notice of Annual General Meeting not being passed

Pat Adams

Pat has retired after a long career in education in which she was the Inclusion Manager for SEND (Special Education Needs and Disability) in a large Junior School. Pat worked with families and carers and became involved with Surrey Young Carers, setting up a Young Carers group in the school and promoting the work of SYC. She has wide experience of multi-agency working and safeguarding procedures. Pat is Chair of Governors at a Surrey Special Needs School and she cared for her cousin who was blind. Pat is very pleased to support ACS as a trustee and in particular the work of the young carers' service.

Nicola Walsh

Nicola has worked in Education for most of her working life. Nicola is a carer for her disabled siblings and has now taken on a greater role with this as her parents are retiring. Nicola also cares for other relatives who suffer with mental health issues.

Rhianna Williams

I am a carer and the support provided to me as a young adult carer by Action for Carers Surrey(ACS) has been second to none and they have been instrumental in my journey into adulthood and all the successes I have achieved. I am thrilled now to have the opportunity to give back to ACS with the multitude of skills I have learnt throughout my career in fundraising, policy, communications and parliamentary work.
