"Things have improved for me lately because one of the teachers has taken an interest and asked me how things were at home. I felt better once I told him and I know he understands and will speak up for me if I get into trouble with homework or am late."

Matthew, aged 14

Young Carers – Schools Forum

Each classroom in Surrey's schools contains at least two young people who are looking after a family member with an illness or disability — affecting that young carers' current wellbeing and future prospects.

At our event 'Young Carers Schools Forum' we will explain how we can help your school and the young carers who attend, through our Angel Award, and the wider development of best practice to support all young carers.

You can hear from schools who have achieved the Award, and what they thought of it. We can also detail the events, activities and grants available to your learners' families.

Time: 3.45pm and finish by 4.30pm. We are aware that many schools are staggering their days and timings for both children and staff and hope this will suit that majority. *Please feel free to drop in if you are only able to attend part of the presentation.*

Booking your place — Book early to receive a Welcome Pack!

To book a place, please click on this Zoom registration link:

<https://zoom.us/join/zoom/register/tJ0kf-usrzMtGddHhBJcHWYmz7PNA6TEQPpl>

This will confirm your attendance and give you the ID and password to join on the day. If you have any questions at all, about this event, or supporting young carers in school generally, please email, phone or text Emma Richards.

We're looking forward to meeting our South East Surrey schools!
