*"Things have improved for me lately because one of the teachers has taken an interest and asked me how things were at home. I felt better once I told him and I know he understands and will speak up for me if I get into trouble with homework or am late."*

## Surrey Schools Forum

Each classroom in Surrey's schools contains at least two young people who are looking after a family member with an illness or disability, which may affect that young carer's current wellbeing and future prospects.

At our event 'Young Carers Schools Forum' we will explain how we can help your school and the young carers who attend, through our Angel Award, and the wider development of best practice to support all young carers.

You can hear from schools who have achieved the Award, and what they thought of it. We will provide you details on how to achieve this accreditation in your school and how we will support you, as well as an overview on our current offer to young carers.

**TIME: 3.45pm and finish by 4.30pm or 8am and finish by 8.45am.**

We hope these will help around the school day for the majority.

*Please feel free to drop in if you are only able to attend part of the presentation.*

**Simple to join, just follow the session LINK below.**

**All Schools that attend will receive a starter pack!**
