

Are you, a family member or someone you are caring for living with dementia?

Do you know about the Memories Café in Camberley?

The **Memories Café in Camberley** seeks to provide a social space with activities, support and information, for people and their families, carers and friends experiencing dementia.

We know that there are many people who want and need this type of service but are not attending.

We want to understand your experiences by talking to you to:

- Find out if you know about the Memories Café
- Understand what support you need
- Find out what would stop you attending and what would make you want to go

To share your experience:
