

“Growing up with a parent with serious mental illness (SMI)”

This study has been approved by City University of London School of Health and Psychological Sciences Research Ethics Committee

We are looking for:

Individuals aged 18 years and older

- **being of Indian heritage living in the UK**
- **grown up with a parent with SMI (Schizophrenia, Bipolar and Psychosis)**
- **can self-identify their parent's SMI**
- **able to converse in English**

“The aim of this study is to explore how this experience impacted your various aspects of life and the support systems that helped you”

We'll have a one-on-one conversation virtually where you can share your experiences

Feel free to get in touch to find out more
